

Dandy-walker malformation with postaxial polydactyly: a new case of Pierquin syndrome

Passalacqua, C. A., Villegas, V. P., Aracena, M. I., & Mellado, C. X. (2013). Dandy-walker malformation with postaxial polydactyly: a new case of Pierquin syndrome. *Clinical dysmorphology*, 22(2), 51-53. <10.1097/MCD.0b013e32835cfb73> Accessed 11 Feb 2021.

Abstract

The combination of Dandy-Walker malformation, other central nervous system anomalies, and postaxial polydactyly has been reported previously in two pairs of siblings. We propose the name 'Pierquin syndrome' for this combination and we report a new patient with this disorder..
